New Meriden library will likely open to public sometime in March. Will you be back by then for an inspection for c.o.? If not, how do you want to handle it? I have a walkthrough planned with Bill T for FD to see layout. I will do a final inspection as part of my " owners rep" function, which will be essentially the same as a "normal" building final for co, but ultimately they will need a co. Could you issue a temp co, based on my inspection, and when you are back you could inspect and issue a full co?
