Reference: Letter to occupy house that is still currently under construction.

I inspected the house and it has a working kitchen, bathroom, water, detectors in bedrooms and outside bedrooms, also in basement, and laundry facilities. What needs to be finished: rear second floor deck (door locked and 2x4 installed); kitchen cabinets installed and permanent kitchen sink; bathrooms completely finished with all cabinets, fixtures; front entrance needs permanent steps or porch; exterior vinyl siding; all permanent stair railings installed; condensing propane boiler installed to radiant heat in basement and first floor and to radiators on second floor. A Certificate of Occupancy will be issued upon completion of the above items. **Permit needs to remain in force until all work is finished.**
