**JOB ADDRESS**  
 Hutchins, Gary  
 21 Baynes Road  
 Meriden, NH 03770 USA

**Job:**

**ESTIMATE DETAILS**

**Kohler 14kw Standby Generator Installation Scope of Work and Installation Details:**  
 Generator will power the whole house with the electric range on load management

- Generator will be located off the right side of the house, roughly 35' from electric meter pedestal and 30' from liquid propane tank
- Automatic transfer switch will be located in the basement next to the main electrical panel
- Proposal includes:
  - Site work and trenching for electrical and gas
  - Full electrical installation of generator and automatic transfer switch
  - Propane connection from generator to existing system
  - Required permits and inspections
  - Customer orientation and manufacturer warranty startup testing
- Proposal does not include delivery or fill of liquid propane tanks - at least two (2) 120 gallon tanks are recommended - to be coordinated by customer
- Proposal does not include natural gas meter upgrade if needed - to be coordinated by customer
- Quote is firm for 30 days.
- 50% Deposit is due with order. Balance due upon completion of electrical work.
- Manufacturer's 10-year extended warranty is available for an additional \$995.00

TASK	DESCRIPTION	QTY	PRICE	TOTAL
1	- Kohler 14kw standby generator - 200amp automatic transfer switch - One (1) load management module	1.00	\$17,210.00	\$17,210.00

- Single tier pressure treated frame
- Crushed stone
- Concrete pad
- Engine battery
- Carburetor heater

I agree to work with my propane/natural gas provider to coordinate all required equipment and site work necessary to complete the generator installation

I understand and agree to the placement of all equipment related to the generator installation

I understand that final payment is due upon completion of PGS electrical work (day of installation) and cannot be withheld due to delays related to homeowner-coordinated gas work. Any/all applicable sales tax will be applied to final invoice.

Customer Signature: \_\_\_\_\_

Date: \_\_\_\_\_

- Any/all applicable sales tax will be applied to final invoice
- Additional labor charges (\$75/tech/hour) may apply for unforeseen issues such as ledge/boulders along trench path
- Invoices not paid within thirty (30) days will be charged a monthly interest rate of 1.5%

**TERMS AND CONDITIONS OF SALE:** Powers Guaranteed Services (PGS) reserves the right to cancel all contracts upon final engineering review. Generator location is dependent upon local ordinances and engineering review; if the location changes and the original measurements are impacted, additional charges may apply. All surplus materials are the property of PGS. In the event of a breach of this contract, contract signee agrees to pay any and all attorney's fees pertaining to litigation of same. All jobs will be completed in a timely manner. PGS cannot be held responsible for delays caused by bad weather, strikes, supplier shortages, or acts of God. This contract may be terminated at the option of PGS for any reason. Client may terminate this agreement up to seven (7) days prior to scheduled installation date for a refund of the deposit paid less 15% to cover work already performed. All work will be performed during normal business hours (Monday-Friday, 7:30AM - 5:30PM); any additional hours may affect the quoted price. Costs associated with utility companies are the sole responsibility of the client.

**DO NOT SIGN THIS AGREEMENT UNTIL ALL SECTIONS ARE COMPLETED. NO VERBAL AGREEMENTS WILL BE HONORED. TERMS OF CONTRACT VALID FOR THIRTY (30) DAYS FROM CONTRACT DATE.**
