

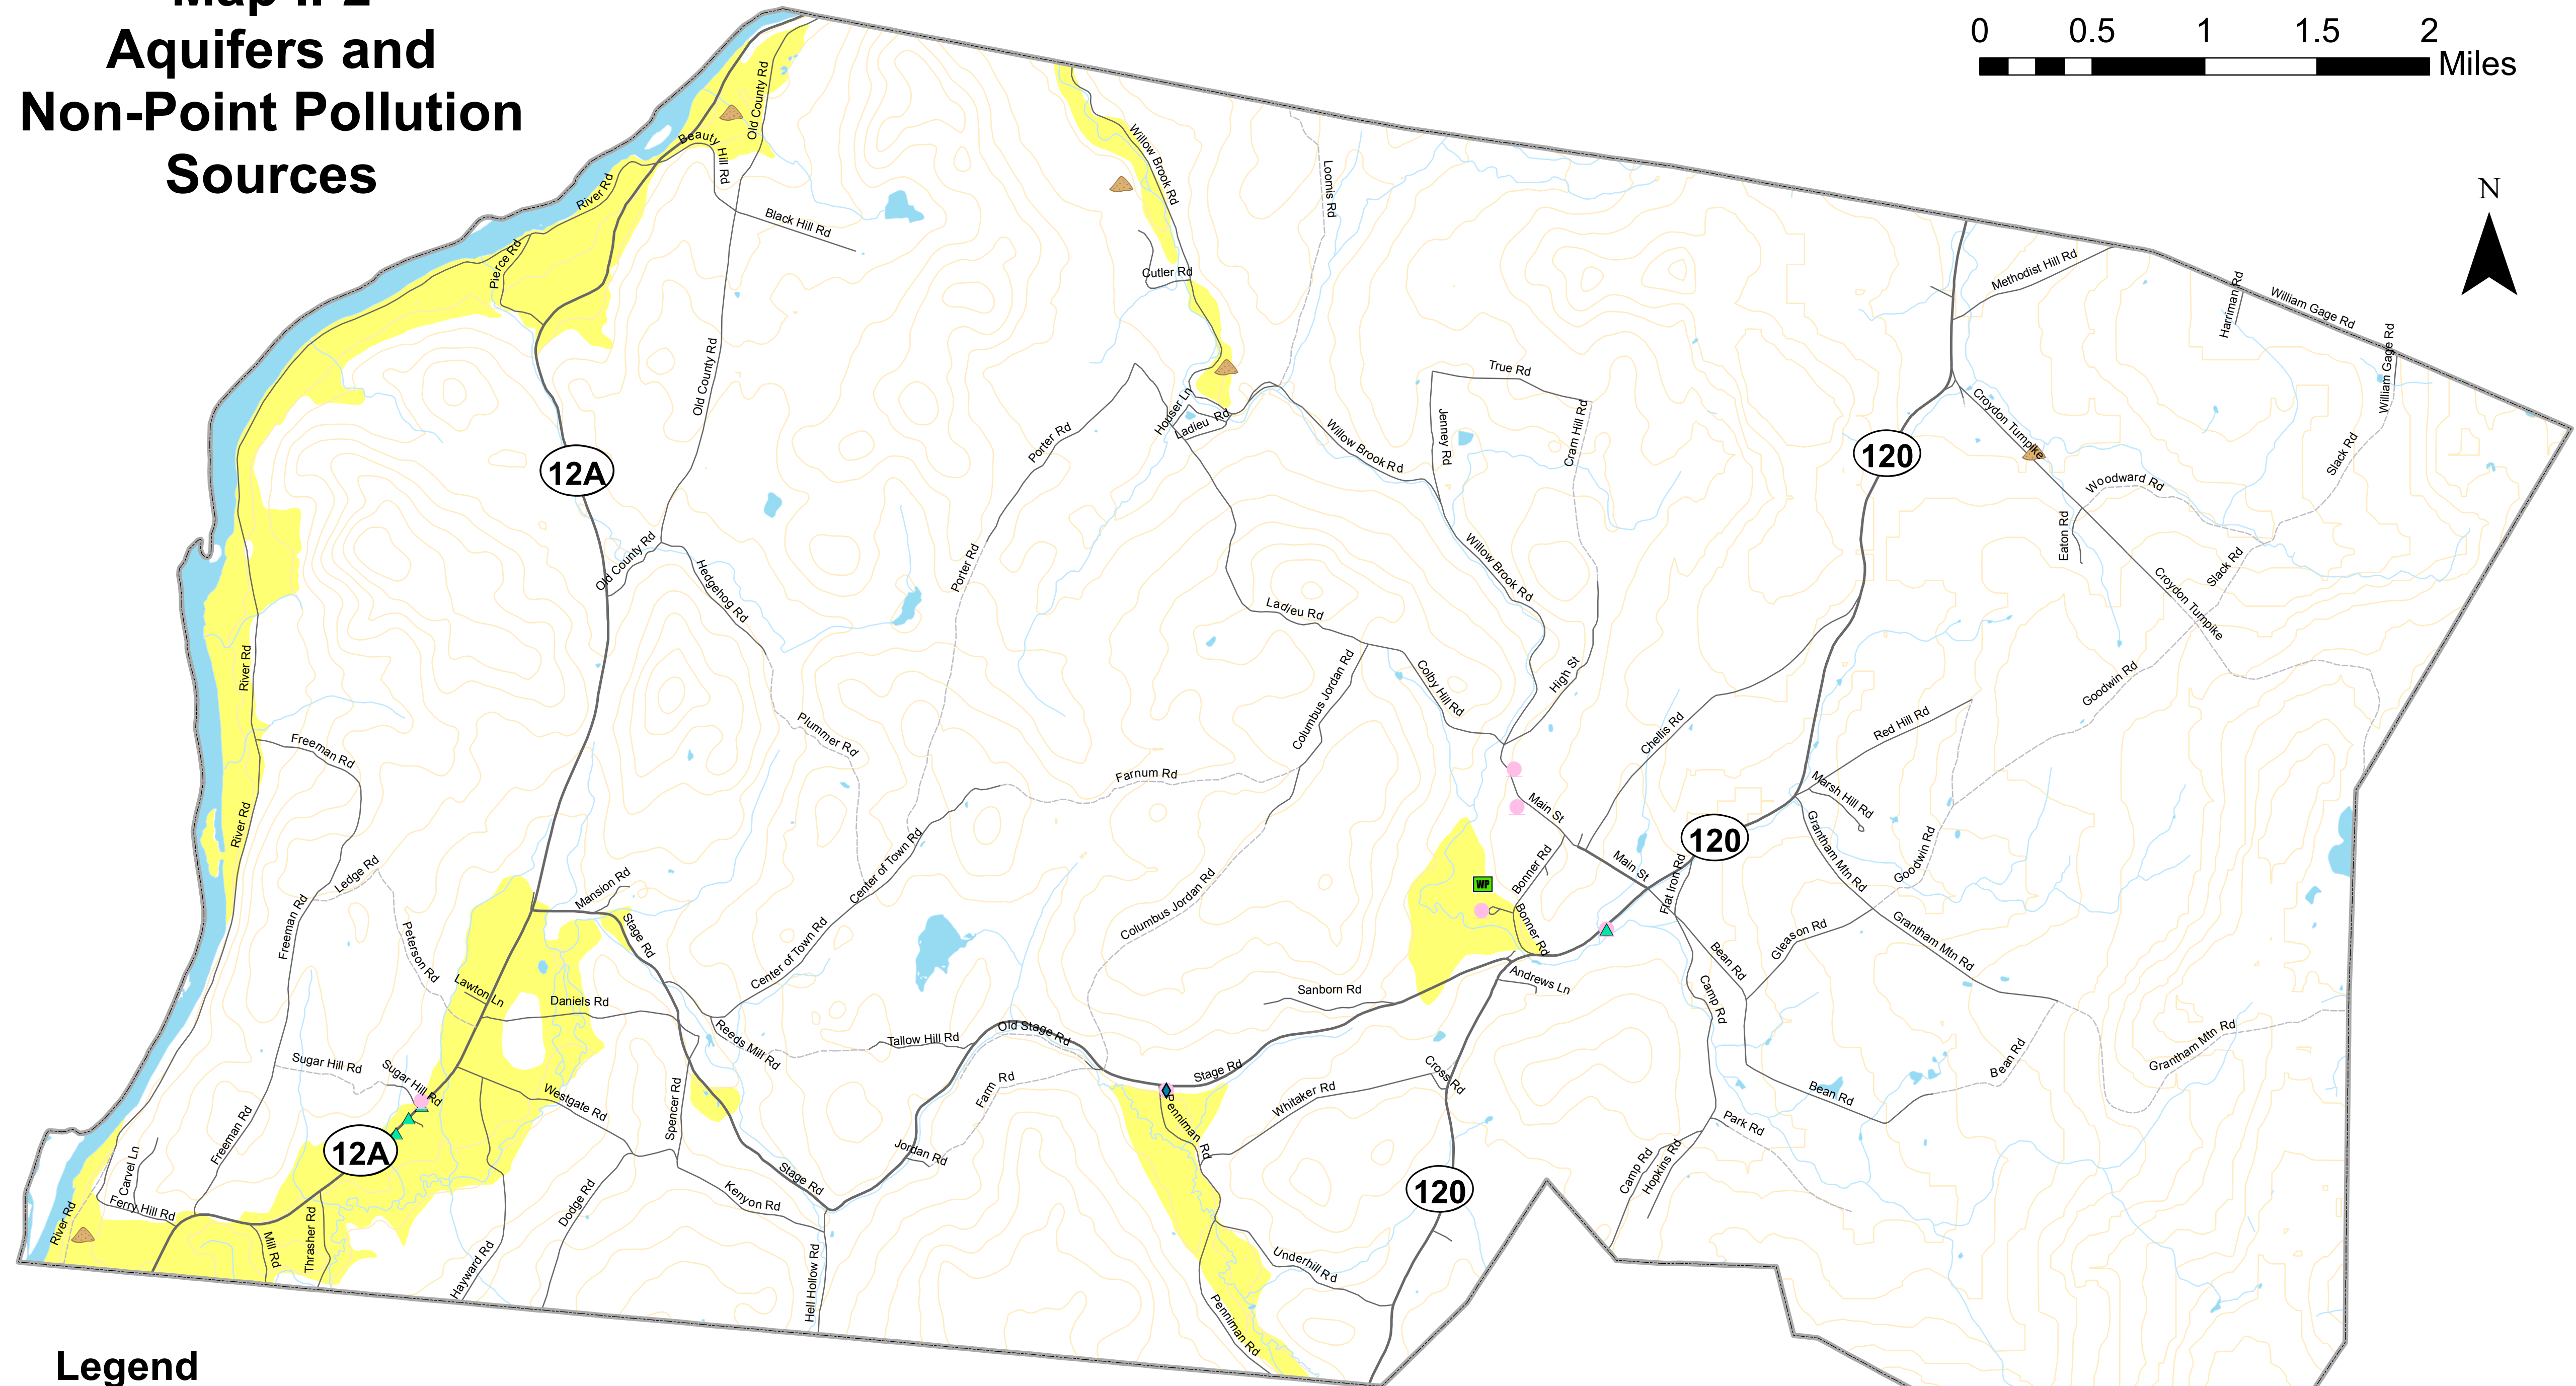

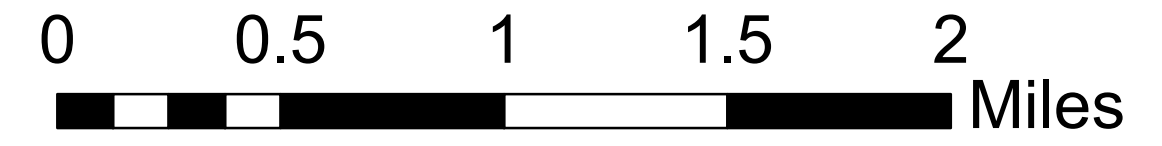

# Map II-2 Aquifers and Non-Point Pollution Sources

## Legend

- |  |                        |  |                   |  |                           |
|--|------------------------|--|-------------------|--|---------------------------|
|  | Gravel Operations      |  | State Road        |  | Aquifers                  |
|  | Salt Storage           |  | Local Road        |  | 100-ft Elevation Contours |
|  | Bulk Fuel Storage      |  | Class VI Road     |  | Ponds                     |
|  | Vehicle Service/Repair |  | Permanent Streams |  |                           |
|  | Waste Processing       |  |                   |  |                           |

Data Sources: Aquifers mapped by USGS, 2000. Potential non-point source pollution sources from NHDES, 2010, updated by Plainfield Planning Board. Roads data from NHDOT, 2010, updated by Town and UVLSRPC, 2011. USGS elevation contours from UVLSRPC, 1998. Data distributed by NH GRANIT, the state's GIS clearinghouse.

Map created by  
Upper Valley Lake Sunapee  
Regional Planning Commission,  
November 2011.
