

**MODERATOR'S NOTICE REGARDING
SIGNS AT THE POLLING PLACE**

I would like to remind all citizens, candidates and supporters of the limitations that apply to political signs at Plainfield's polling place during every election. The only signs that are permitted at the polling place, or on the Plainfield Elementary School property, are those that are attendant to supporters or candidates within the designated electioneering area outside the polling entrance. Unattended signs within the electioneering area, and any signs outside of that area on Plainfield Elementary School property, including, without limitation, signs affixed to or mounted on vehicles in the parking area (other than those that are parked temporarily while the owner is voting), are prohibited.

Should you have any questions concerning this notice, please call me at the number below.

Paul Franklin, Town Moderator
