

Plainfield Service Memorial

Eleanor Roosevelt said, "Freedom makes a huge requirement of every human being. With freedom comes responsibility." The citizens of Plainfield have long understood this and have never wavered in their obligation to shoulder the burden of freedom. Generations of citizens have proudly stepped forward to serve the cause of freedom in times of peace as well as in times of conflict. It is fitting and timely that the community erects a memorial dedicated to all those that have served the cause of freedom be it in the military or civilian service.

This proposal calls for a memorial, cut of New Hampshire granite, to be located adjacent to the entrance of the Plainfield Cemetery on Route 12A. The memorial is to be dignified and restraint shall be exercised in its design and execution. The stone shall be set in a garden beneath two large maples and shall provide opportunity for civic celebration as well as quiet contemplation.

The following inscription shall be cut into the face of the stone:

"In honor of all those citizens of Plainfield who have answered the call and served our nation in the cause of freedom."
