

A Mini-Festival of Sight & Sound

Looking Back & Thinking Forward: THE PLAINFIELD ORAL HISTORY

A slide and sound show created from the interview tapes and photographs of the 1975 Plainfield Oral History Project. Interviewees were men and women in their 70s, 80s, and 90s, speaking of their childhood and middle years, the early 1900s to World War 2. Four topics presented over 2, possibly 3, days.

The late Ralph K. Jordan, a lifelong Plainfield farmer, offers reflections on the town's past.
