ou all for your
good wishes

Laurette

I want to express my appreciation to the staff of Anne's Convenience Store, the Plainfield first responders and officer Matt Agar of the Plainfield Police Dept for their timely and professional care on January 18th, 2012.

I suffered a medical emergency while driving on I29 and pulled into Anne's Store to get help. Within a couple of minutes, I was being attended to by several young people who assured me that the Windsor ambulance was on its way. Officer Matt took care of traffic in and out of the small parking area so the ambulance could park close to my car. He then assisted with a smooth transition into the ambulance and onto I29 for a swift and safe ride to D.H.M.C. emergency department.

To my surprise and pleasure,

Officer Matt Agar stopped to see me the next morning and assured me that my car would be safe at Anne's Store until I was well enough to retrieve it.

It is very gratifying to know there are so many wonderful people in this small town.

I am now fully recovered and will continue to travel I29 with confidence knowing I am in a very safe environment.

Thank you all for being my "Earth Angels" in my time of distress.

Sincerely,
Laurette Haggard
