**PLAINFIELD SCHOOL DISTRICT
MINUTES
ANNUAL MEETING – MARCH 10, 2007**

At a legal meeting of the voters of the School District of Plainfield, Moderator Stephen H. Taylor called the meeting to order at 10:05 a.m. on Saturday, March 10, 2007, at the Plainfield School in the Village of Meriden in said Plainfield.

The Reverend Susan Gregory-Davis delivered the invocation followed by the Pledge of Allegiance.

The Moderator introduced the Clerk, School Board, Legal Counsel (Attorney David Bradley), and Professional Staff (Superintendent Russell Collins, Principal Ellen Langsner, and Financial Specialist Beth Biewirth.

The rules of the meeting were explained by The Moderator.

The Moderator then read the Certification of Posting and Certification of the Checklist, noting that 1,509 names were listed on the Checklist.

A motion was made and seconded to dispense with the reading of the entire warrant. The vote by voice was in the affirmative.

ARTICLE I: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District accept the reports of Agents, Auditors, Committees, and other officers as printed in the annual report.

Carin Reynolds recognized two retiring teachers, Sue McGee and Dennis Reisch. Sue McGee is planning to retire at the end of the school year after 29 years of service to the school. Dennis Reisch will retire after 40 years.

The vote by voice was in the affirmative and it was so declared.

ARTICLE II: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District raise and appropriate the sum of \$300,000 to install a sprinkler system and to treat the wood interior with a fire retardant, and necessary work associated with these projects, at the Plainfield Elementary School and to authorize the issuance of \$300,000 by bonds and notes for the School District in accordance with the provisions of the Municipal Finance Act (RSA Ch. 33) and to raise and appropriate the sum of \$7,895 for the purpose of payment for the first year interest payment on the bond.

After much discussion, voting began on this article at 10:45 a.m. The polls for the bond vote were kept open until 12:00 p.m.

[E1]

The vote by secret written ballot resulted in:

YES 253 **NO** 54

The vote was in the affirmative, the resolution adopted, and it was so declared.

ARTICLE III: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District raise and appropriate the sum of \$5,157,897 for the support of schools, for payment of salaries to school district officials and agents, and for the payments of the statutory obligations of the District for the 2007-2008 fiscal year.

After some discussion, Carl Strong offered an amendment to Article III that would amend the sum of the original motion to read \$4,876,488 instead of \$5,157,897. This was moved and seconded.

The vote by secret written ballot on Carl Strong's amendment to Article III, reducing the budget by \$281,391, resulted in:

YES 142 NO 169

The vote was in the negative, the amendment lost, and it was so declared.

The vote by secret written ballot on the original Article III (for the budget of \$5,157,897) resulted in:

YES 152 NO 133

The vote was in the affirmative, the resolution adopted, and it was so declared.

ARTICLE IV: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District vote to approve the cost items included in the three-year collective bargaining agreement reached during good faith negotiations between the Plainfield School Board and the Plainfield Education Association, which calls for the following increase in teacher salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
2007 – 2008	\$74,767
2008 – 2009	\$85,563
2009 – 2010	\$91,233

and further to see if the District will vote to raise and appropriate the sum of \$74,767 for the 2007-2008 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

2007 Plainfield School District Meeting – Page 2 — E2

Carl Strong offered an amendment, which he then withdrew, regarding voting on only the first year of the collective bargaining agreement.

The vote by secret written ballot on the original Article IV resulted in:

YES 158 **NO** 104

The vote was in the affirmative, the resolution adopted and it was so declared.

ARTICLE V: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District vote to approve the cost items included in the three-year collective bargaining agreement reached during good faith negotiations between the Plainfield School Board and the Plainfield Support Staff Association, which calls for the following increase in teacher salaries and benefits:

Year	Estimated Increase
2007 – 2008	\$34,117
2008 – 2009	\$31,039
2009 – 2010	\$31,692

and further to see if the District will vote to raise and appropriate the sum of \$34,117 for the 2007-2008 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

The vote by secret written ballot resulted in:

YES 173 **NO** 54

The vote was in the affirmative, the resolution adopted and it was so declared.

ARTICLE VI: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District raise and appropriate the sum of \$25,000 toward the salary and benefits to hire an Assistant Principal for up to a 50% position for the 2007-2008 fiscal year.

The vote by secret written ballot resulted in:

YES 95 NO 125

The vote was in the negative, the resolution lost and it was so declared.

ARTICLE V11: The following resolution was offered, moved and seconded that it be adopted.

Resolved: That the District raise and appropriate \$20,000 to be placed in the Building Maintenance Reserve Fund created in 1997 pursuant to RSA 35:1-c, for the purpose of repairs, maintenance, and/or renovations to the Plainfield Elementary School.

The vote by secret written ballot resulted in:

YES 110 NO 60

The vote was in the affirmative, the resolution adopted, and it was so declared.

ARTICLE VIII: The following resolution was offered by Dennis Girouard, moved and seconded that it be adopted.

Resolved: That the District instruct the Plainfield School Board to limit the total combined state and local school tax assessment increases to no more than the annual percentage increases as established by the Cost of Living Adjustment for Social Security.

It was noted that if voted in the affirmative, this vote would not be legally binding.

The vote by voice was in the negative, the motion lost, and it was so declared.

ARTICLE IX: Other Business

Moderator Stephen Taylor thanked Emily Hadley and Trevor Marsh for helping with the microphones during the meeting. In addition, he thanked all of the ballot clerks for their contributions.

Also, an informal vote by voice determined that the majority of the attendees at the meeting prefer School District meetings on Friday evenings. It was asked that the School Board consider this when determining the date and time of next year's meeting.

The meeting adjourned at 3:05 p.m.

Respectfully submitted,

Kelly Taylor
Plainfield School District Clerk

ADMINISTRATIVE REPORT

At the last Annual District Meeting, voters approved a bond of \$300,000 to carry out work required by the State Fire Marshal. And in fact, this past year saw significant improvements in student safety. We added a sprinkler system to the building, improved emergency exits in some areas, and painted our wooden walls with a fire retardant primer. While these required changes were costly, they also gave us an opportunity to improve the overall appearance of the building. We were able to paint most classrooms, which now look cleaner and brighter.

Another area of considerable concern has been student safety at drop off and pick-up times. A variety of changes were implemented to streamline the flow of traffic, prevent accidents, and ensure that the correct people pick up students. While not perfect, the situation is far improved from what was the case a year ago. Discussion on an improved parking lot continues. A newly designed parking lot could have a further improve student safety and traffic flow.

Several other measures were put in place to keep students safe during the school day. A joint presentation by Principal Langsner and the Plainfield Police Officer Paul Roberts explained the reasoning behind the changes for parents in September. The School Safety Committee, area first responders, and school administrators continue to have discussions about improving school safety while maintaining accessibility for parents and community members.

The proposed budget will allow us to continue to work on improving the health and safety of students and staff by addressing facility needs such as replacing rotting windows and siding, and adding insulation. We are also asking for the purchase of a tractor to more efficiently perform the needed grounds work, such as snow removal around the building and assisting with mowing in the summer.

Last year's report discussed the need for an Assistant Principal. The need for this position remains. The Principal's job is divided into five areas: personnel and instruction; supervision and evaluation; human relations; management; and professional growth. In short, everything that goes into the smooth running of the building, the staff, the students, and the educational program. This one person is responsible for the supervision, evaluation, and professional development of over 55 staff members; the education, monitoring, and necessary discipline of over 280 students; the revision, budgeting, and purchasing required for more than ten curriculum areas; as well as personnel issues, safety, school maintenance, fundraising, and all the details required to run the educational program. It is a large job. The School Board and administration are committed to the idea that the school's principal be primarily focused on curriculum, instruction, supervision, and evaluation of staff. A part-time assistant principal would allow the focus of the principal to shift away from managerial responsibilities towards more educational leadership. The possible benefits to students include increased attention to curriculum, teacher training and evaluation, and improved instructional outcomes for students. We hope the community will support this article.

There are also two warrant articles asking to appropriate funds from the expected surplus. The first is for adding money to the Building Reserve Fund. The second is for creating a Benefit Payable fund to address anticipated increases in the cost of benefits (especially the employer's increasing cost into the state retirement system) over the next few years.

Nancy Brogden, the Director of Special Services, reports that the New Hampshire special education data system is fully functioning and special educators are

sending data to the State on a regular basis. There are “bugs” to be ironed out but the system seems to be working.

A new part of the “No Child Left Behind” law (NCLB) states that general educators must try scientifically based classroom interventions that may meet the needs of children in their class before making a referral to special education. This approach is called a “Response to Intervention.” A new referral process needs to be implemented before children can be considered for individualized programs under the special education law, IDEA (Individual with Disabilities Education Act). General and special educators work collaboratively to provide modifications for a child before evaluation and identifying the child as one with a disability. If a child needs a specially designed instructional program, staff work together to provide that program. It is more cost-wise to provide a program at our school than to try to send a child to a costly out-of-district program. Currently, our need is to provide a program for students who may require a more individualized program, because of cognitive or behavioral needs. Special educators work diligently to develop programs that will meet the diverse needs of our Plainfield students.

This year’s budget includes a half time special educator who will work on a program for children who need a “Life Skill” approach to learning, more of a “hands on”, developmental approach. We are excited about this new program and know that it will meet the needs of our Plainfield students. This program will also help to prevent the high cost of outside placements for students requiring this specialized curriculum.

Looking at the numbers, the preschool through grade 8 special education team provides services to 41 students with Individual Education Programs (IEPs) and for 11 students with disabilities who don’t need individualized programs, but who need a modified program (504 students). Also, at the high school Nancy oversees the programs of 14 students who currently have IEPs and 10 students who are on 504 plans.

Last Spring, a Junior High Round table discussion was held for interested staff and community members. Several of the issues brought up at that meeting have been addressed. One was the physical organization of the 7th and 8th grade “pod.” Doors replaced the curtains that have long separated the four classrooms from each other. This change allows teachers to engage in more active group activities since they don’t have to be so concerned with disturbing other classes. Having four full-time teachers in the pod means that all junior high homerooms can be in one place; the students actually have a “home base.” This has also had the effect of increasing supervision, communication, and the number of educational offerings to junior high students.

The staff has been actively involved in improving curriculum and instruction. Curriculum committees are hard at work revising Plainfield instructional content in order to meet new State Standards. This is time-consuming work requiring lots of reflection on our current practice, examination of state expectations, and determining areas of strength and need for our school. Curriculum committees have taken the lead in providing professional development focused on improved student learning in areas of need.

The Language Arts Curriculum Committee is leading our work on improving writing skills by focusing on specific traits of writing. Staff learn strategies that enhance specific traits, examine student work, and share ideas with each other. There is a bulletin board in the front lobby that spotlights student writing. We have also focused on improving students’ reading fluency both by evaluating it explicitly and by providing students with opportunities to practice reading fluently. One of the ways reading fluency has been highlighted was organized by the Reading Curriculum Committee. Partner Up Day, where our older students paired up with younger students for an hour of reading and

reading related activities, was very successful. Students selected books with their partner in mind and practiced reading in preparation for the big day. It was a magical moment!

Technology use by students and teachers alike has increased significantly.

Students are using technology tools as a way to communicate what they have learned to others as well as to teach classmates something new. Students have composed music and created lyrics, made movies, created graphic stories, presented Power Point presentations, and more. Teachers are successfully using technology to teach in addition to needing technology for organization, lesson planning, and recording keeping. The Internet has become a valuable support for student learning. Teachers use various mapping sites to give students an understanding of geography. Students examine digital images, use interactive sites, and go on web quests. Our technology needs have increased so significantly that we no longer have enough computer lab time to meet the demands. This is a very exciting development.

Community Service and Global Outreach continue to be a focus at the school. Classes have been involved in school, community, and global projects. Students have worked on our trails; scraped a fence at a local cemetery; worked at both the Plainfield and Meriden libraries; knitted afghans and teddy bears to send to orphans in other countries; sent books, money, and school supplies all over the world; and continued supporting Heifer International through Read to Feed and other projects. Students have come forward wanting to volunteer in other ways as well. We have students who act as mentors to younger students through a Big Brother/Big Sister elective. Other students volunteer to help students in PE or art classes.

A group of teachers and students has taken on the challenge of lowering our impact on the environment including saving energy and reducing waste. The entire school was given a lesson on recycling in an assembly lead by fourth graders. Our waste was weighed for ten days with a goal of reducing trash. A worm farm is growing in the junior high where some of our food waste is turned into rich soil. A group of students is working with a teacher in exploring ways of dealing with lunch waste in a more environmentally friendly way.

As you can see, many wonderful things are happening at the Plainfield School, with many people responsible. We wish to thank the members of the various committees, the volunteers, and the staff for working to continue to provide excellent educational opportunities and a safe facility for the Plainfield students, and the community members for supporting these efforts.

Respectfully submitted,

Russell Collins, Superintendent

SCHOOL BOARD REPORT

A Better Learning Environment

The passage of the \$300,000 fire/life safety bond at the March 2007 School District meeting triggered a wave of improvements to the school's physical plant and brought the district into compliance with state safety and fire code requirements. A school-wide sprinkler system was installed, additional means of egress were added, and asbestos removed. The entire wood interior of the school was painted with a fire retardant paint, giving the school a brighter look as an added benefit.

These projects were completed on time and for approximately \$230,500 -- well below the \$300,000 bond amount. The Board will use the approximately \$69,500 in unexpended funds to offset some of the tax impact by applying the money towards the first principal payments on this five-year bond, and debt service on the 2001 school addition bond, due to retire in 2010. In addition, over the next five years the state will reimburse the school district for 30% of the capital expenditures of the life/safety project, reducing its net cost to approximately \$161,350.

School maintenance budget funds also went toward some smaller, but important projects, including the addition of doors between the 7th and 8th grade classrooms, additional soundproofing and insulation, and new carpet at the front of the school.

Collectively, these projects improve the safety and comfort of our children and provide a bright and welcoming environment that we believe leads to improved student learning.

2007-08 Fiscal Highlights

The Board is also pleased to report that we ended the last school year with a general fund balance surplus of \$191,633, primarily due to higher than anticipated revenues such as interest income, food service and Medicaid funding, and lower than anticipated expenses, particularly in regards to tuition payments and transportation. Consistent with past practice, we returned this surplus to taxpayers, thereby reducing the need for additional tax revenue from \$306,407 to \$114,744 for the 2007-08 school year.

At the School District Meeting last March, voters approved a budget increase of \$306,407, or 6.1%, for the 2007-08 school year. This included funding for the main operating budget, new teacher and support staff contracts, building reserve fund and the life/safety bond discussed above. The use of the surplus to offset the increase has resulted in a combined school tax rate increase of just 3.3% this year, lower than the projected 6.1% increase.

This latest increase is in line with modest tax hikes over the last five years that have roughly tracked the rate of inflation. Using 2003 as a baseline, the combined school property tax rate has increased \$2.60, an average increase of 65 cents per year, equal to 4.07% per annum. These modest increases come despite rising health care and energy costs, more funding of special education, and unfunded mandates at the state and federal level.

Proposed 2008-09 Budget

For the 2008-09 budget year, the Board is proposing a 3.91% increase in main budget expenditures. The main operating budget includes teacher and support staff contracts and the initial principal payment on the life safety bond approved at last year's School District meeting. The School Board also recommends approval of four other warrant articles, two of which are proposed to be funded only if available by transfer from next year's surplus.

The \$206,802 proposed increase for 2008/09 is due primarily to two factors: rising special education costs that have added \$98,821 to the budget to care for students in greater need of individualized services, and a debt service increase of \$58,698 attributable to the first-year principal payment on the life/safety bond. Other increases are seen in employee benefits and building operation, the latter being driven by higher heating and electrical costs. The school recently implemented energy conservation measures that have already reduced electrical costs by 11%, and that should reduce heating oil costs by a similar measure.

In addition to these non-discretionary increases, the remaining money is chiefly focused on two main areas -- technology and teacher training/curriculum development -- that the Board and Administration believe are necessary and worthwhile investments in our educational mission.

Technology: Based on recommendations from the Administration and the Plainfield Technology Group, the Board is proposing a \$31,038 increase to the Information Services budget (1) to remedy deficiencies in the school's network and infrastructure; and (2) to invest in leased computers for an internet-connected mobile lab with 20 computers that will move between classrooms. While this lab does not make the school "cutting edge," it does help bring Plainfield School technology resources and educational opportunities in line with other schools in our area. New state educational regulations mandate that schools integrate "21st century tools, including . . . digital technology and communication tools in all curriculum areas" and for all students to become "proficient in the use of these tools to access, manage, integrate, evaluate, and create information in all core subjects."

Teacher Training/Curriculum Development: The Board proposes to add \$8,700 to provide for additional teacher training and expedited curriculum development. The teacher training is a cost-effective "train-the-trainer" strategy to maximize staff development opportunities at PES.

Adoption of this budget, taking into consideration projected revenues and the offsetting bond surplus and anticipated 08-09 surplus, would raise the projected local tax rate by 3.96%.

The Board continues to unanimously support the warrant article seeking to fund a half-time Assistant Principal: \$30,000 is requested to establish a position to address facility, transportation, logistical and student disciplinary issues, so that the Principal can focus more on curriculum development, teacher evaluations, mentoring and other academic leadership issues. The Board also is putting forth a warrant to purchase a new Kubota tractor to replace the existing machine at a cost of \$21,304.

The final two warrant articles proposed by the Board recommend transferring money from the 2008-09 surplus, if any, into the building maintenance reserve fund (\$30,000) in anticipation of work to make the school parking lot safer and larger; and to open a new "Benefits payable trust fund" (\$20,000) in anticipation of state-mandated increases in 09-10 to an under-funded state retirement plan.

PLAINFIELD SCHOOL DISTRICT – BUDGET ANALYSIS

2007/2008 Surplus –

We anticipate ending the 2007/2008 school year with a surplus estimated at approximately \$120,145.00 we have carried this amount over to the 2008/2009 Revenue Sheet. This surplus, once all Warrants have been funded will be used as a 2009/2010 revenue. Currently we project a savings in high school tuition (\$56,529). Conversely, we have increased costs in Special Education Tuition (\$35,000).

2008/2009 Expenditures –

Proposed expenditures for the 2008/2009 school year total \$5,501,460, a \$206,802 (3.91%) increase over this year's budget of \$5,294,658. Highlights of the Budget are as follows:

<i>Decreases:</i>	
<i>Co-Curricular Activities</i>	(1,169)
<i>High School Tuition</i>	(56,529)
<i>Administrative Supply – Principal</i>	(1,560)
<i>Building Repair (Transfer from Reserve Fund)</i>	<u>(20,000)</u>
<i>Subtotal Decreases</i>	<i>(79,258)</i>
<i>Total net increase</i>	<i>206,802</i>
<i>Proposed 2008/2009 Budget</i>	<i>5,501,460</i>

The most significant increase in expenditures, \$104,379, is attributed to the salary and benefit line items. Of the \$104,379, \$51,009 reflects increases in benefits while the remaining \$53,370 makes up salary increases governed by negotiated contracts.

For the second year running, Lebanon announced a tuition decrease of 2.12%. Our current tuition is \$11,043 per student. The 2008/09 tuition rate is \$10,809. We have estimated that 100 students will attend Lebanon High School in the fall of 2008. We have budgeted for all current 8th graders to attend Lebanon High School, even though some may opt for private schools.

2008/2009 Revenues -

Non Tax Revenues are estimated to be \$1,252,394, which produces a bottom line \$254,932 less than 2007/08. Most of the decrease is attributed to the prior year Surplus line, which is used to offset local tax dollars in the subsequent year.

2008/2009 Bottom Line -

The \$206,802 increase in spending, combined with the \$254,932 drop in revenue, will require local tax dollars to support this budget proposal to be increased by \$161,734 over last years amount. The 2008/09 estimated local tax effort of \$4,249,066 represents a 3.96% increase over the 2007/08 year's total of \$4,087,332.

The items set forth in this analysis **do not** include any of the separate warrant articles, which, if passed, will increase the tax effort necessary to fund those articles. This year's warrant articles include: \$30,000 for an assistant principal and \$21,304 for the purchase of a tractor would add \$51,304 to the spending package and to the "tax dollars needed" totals listed above. Spending would increase by 4.87% (as opposed to the 3.91% mentioned above), while the local tax dollars would increase to 5.21% (as opposed to the 3.96% mentioned above).

Respectfully Submitted,
Beth Bierwirth - Finance

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Plainfield School District
Meriden, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Plainfield School District as of and for the year ended June 30, 2007, which collectively comprise the Plainfield School District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Plainfield School District as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Plainfield School District has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America, have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Plainfield School District's basic financial statements. The combining and individual fund schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

IDEA & Preschool Entitlement Funds: Application for Plainfield School District.

IDEA entitlement and preschool funds are based on the actual number of special needs students in the districts. It is expected that Plainfield will qualify for a total grant of **\$55,401** in FY 2008. These funds must be used to supplement our local expenditures. They cannot be used to reduce an amount spent by local funds in a prior fiscal year. During the current fiscal year these funds were used to pay for such services as speech and language services, special education assistants, a part time school social worker, staff development, and a part time school psychologist. Some of the funds are used to help us actively seek out, find and evaluate children who may be eligible for special education services. Federal law requires that we do this. The specific manner in which we propose to spend these funds is outlined in a grant application which was submitted in September of 2007. Delivery of the services proposed is contingent upon the approval of the application and the actual receipt of funds.

NONDISCRIMINATION NOTICE

Plainfield School District does not discriminate in its education programs, activities, or employment practices on the basis of race, color, national origin, religion, age, sex, marital status, sexual orientation or disability under the provisions of Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1965, Section 1981 of the Civil Rights Act of 1966, the Equal Pay Act, Title IX of the Education Amendments of 1972, the Age Discrimination in Employment Act of 1967, the American With Disabilities Act of 1990, the Rehabilitation Act of 1973, the Individuals with Disabilities Act, RSA 186-C, and RSA 354-A. Any person having inquiries concerning Plainfield School District's compliance with the regulations implementing these laws may contact: Superintendent of Schools, 92 Bonner Road, Meriden, NH 03770, (603) 469-3442.

Certain specific inquiries may be directed to the following: Title IX Coordinator, Russell Collins; Title VI, VII and 504 Coordinator, Nancy Brogden.

Any person may also contact Title IX Coordinator, NH Department of Education, 101 Pleasant Street, Concord, NH 03301. (603) 271-3196, for Title IX and Age Discrimination; Section 504 Coordinator, NH Department of Education, 101 Pleasant Street, Concord, NH 03301, (603) 271-3610, for Section 504 of the Rehabilitation Act of 1973; Supervisor for National Origin & Equal Education Opportunity, NH Department of Education, 101 Pleasant Street, Concord, NH 03301, (603) 271-3582, for Title VI of the Civil Rights Act of 1964; the Assistant Secretary for Civil Rights, U.S. Department of Education or the Director, U.S. Department of Education, U.S. Government, 10 Causeway Street, Boston, Massachusetts 02114

NOTICE OF RIGHTS TO SPECIAL EDUCATION SERVICES

School Administrative Unit #32, in complying with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA 2004), is required to locate and identify all school age children who may have educational disabilities including those who are homeless, migrant, wards of the state, or attending private schools within the Plainfield School district boundaries.

If you are a parent of, or know of a child age 3-21, who you feel may have an educational disability, please contact the School Principal or Director of Special Education at 469-3250. SAU #32 will provide free screening and evaluation of any child referred to them. Students found eligible for special education services will be offered a free appropriate public education.

A student with a disability who does not qualify for services under the IDEA 2004 may qualify for accommodations under Section 504 of the Vocational Rehabilitation Act. Referrals under Section 504 may be made to the Principal.

Parents have the right to review the educational records of their children, as guaranteed by the Family Educational Rights and Privacy Act.

Plainfield's Educational Mission

Mission Statement: As a community of learners, our educational mission in Plainfield is to support and expect academic excellence while building character, self-confidence, and enthusiasm for life-long learning.

Responsibilities

The community is responsible for providing a quality education to children in grades K through 12.

The school is responsible for:

- Stating clearly academic goals and defining a curriculum with high academic standards.
- Teaching with an awareness of individual children's learning styles.
- Emphasizing good character, self-discipline, and interpersonal skills.
- Providing an atmosphere that fosters excitement about learning.
- Offering strong administrative leadership and a high quality staff.
- Respecting the values, authority, and input of parents, as well as the situations of the home environment.
- Encouraging involvement of parents and community members in the life of the school.

The home is responsible for:

- Understanding and reinforcing school curricula.
- Encouraging students to complete homework and to place a high priority on education.
- Ensuring that children arrive at school on time, rested, fed, and ready to learn.
- Respecting the expertise and authority of teachers and staff.

Results

Students should possess a foundation of information, concepts, and learning skills:

- Analytical skills: identifying and formulating problems, researching information, and developing creative solutions.
- Reading, writing, and speaking effectively, with grounding in US. and world literature.
- Mathematics, including the ability to apply quantitative thinking and analysis in daily life.
- Physical, earth, and life sciences, including how these are manifested in everyday phenomena such as the environment, technology, and weather.
- History, geography, government, and the responsibilities of citizenship in local, national, and global contexts.
- Significant exposure to the arts, a foreign language, and the diversity of human culture.
- Effective use of computers for computation and processing information.
- Appreciation of physical and mental health, including avoidance of substance abuse and communicable diseases.

Students should display behaviors that allow them to be productive learners and relate effectively to others:

- Enthusiasm for learning.
- Confidence and self esteem.
- Self-discipline and good work habits, including the ability to listen and take turns.
- Personal integrity and honesty.
- Willingness to take responsibility where appropriate and to follow through once responsibility is assumed.
- Acceptance of, sensitivity to, and compassion for others.

Mutual respect, support, and participation among the community, families, and the school are vital to effectively achieving our mission. Open communication is encouraged, valued, and respected.
