Wheeler, Ruthann	Tax Collector	\$12,480
Williams Jr, Thomas	Selectman	\$2,350
	TOTAL	\$657,236

**PLAINFIELD TOWN HALL OPERATIONS COMMITTEE
2011**

The Plainfield Town Hall Committee was established in 1995 to oversee the maintenance of the Plainfield Town Hall and to make recommendations to the Selectmen for repairs and upkeep. The mission of the committee is to assure that regular maintenance and upkeep is done on the Plainfield Town Hall in order to avoid another major restoration and, in the end, to save money for the town. Three of the committee members were on the original committee that oversaw the restoration of both town halls: David Chellis, Nancy Norwalk, and Beverly Widger. Other Committee members include Brad Atwater and Nancy Scott.

Normal maintenance has been done on a regular basis to the Plainfield Town Hall by utilizing the Town Hall Maintenance Fund (established for both town halls). The committee checks the inside and outside of the building, looks at the usage of the hall, inspects for hazards, and reassesses the town hall rental policy.

The committee makes the following recommendations:

- The stone foundation, especially the Northwest corner (left side), is in need of repair and stabilization, including chinking and repointing. An updated estimate should be obtained.
- Once the foundation repair is done, the town hall needs to have plaster repair and an interior painting. The last time the interior was painted was in 1995. The kitchen ceiling is peeling.
- The ceiling tiles stained by a old water leak should be replaced.
- In order to maintain the beautiful hardwood floor, the floor needs to be thoroughly cleaned, lightly sanded, and another coat of finish applied to continue to preserve it.
- The entrance threshold continues to deteriorate and needs replacement.
- The landscaping in front of the town hall needs to be trimmed substantially.
- The storm windows were not put on for the winter and heat is escaping. One window was to be repaired by town staff and has not been returned.
- The attic was provided with a barrier to collect bat guano. This should be checked to see if it should be removed (sold?) and a fresh barrier put down.
- The entry steps and ramp again have peeling paint. We need to find a solution to this problem.
- The windows should be washed inside and out.
- The basement of the town hall needs to be cleaned and contents assessed as to whether they should be kept, repaired or discarded, i.e., benches and old town fencing.

The committee discussed, at length, the regular cleaning and checking of the town hall before and after renters. Renters have the expectation that the town hall will be clean
