Brite Lite In Gallagher's old shop:

Brite Lite proposes to move into the Gallagher's old shop. As an electrical contractor, most of our work is off site at the locations of our projects. We would use the building for storage and parking for our materials, equipment and trucks. Our hours of operation are typically from 6am -5pm but sometimes we have to start later or earlier because of emergency calls.

Image is important for us at BLE and so we will clean up the current property, removing trash, cutting down over grown shrubs and trees and making the property look professional. Any exterior lighting will be night sky compliant and signage will meet town ordinances.

Sincerely,
Matt Smith
Owner
